THIS is the yearbook of the "Forty-Niners," a collection of nuggets of knowledge and experiences acquired through the past year.

It is with regret that we realize that our high-school prospecting is so nearly finished. The parties, the classes, the everyday events that have filled our lives will soon be turned to memories—golden memories. To record these has been the purpose of this book.

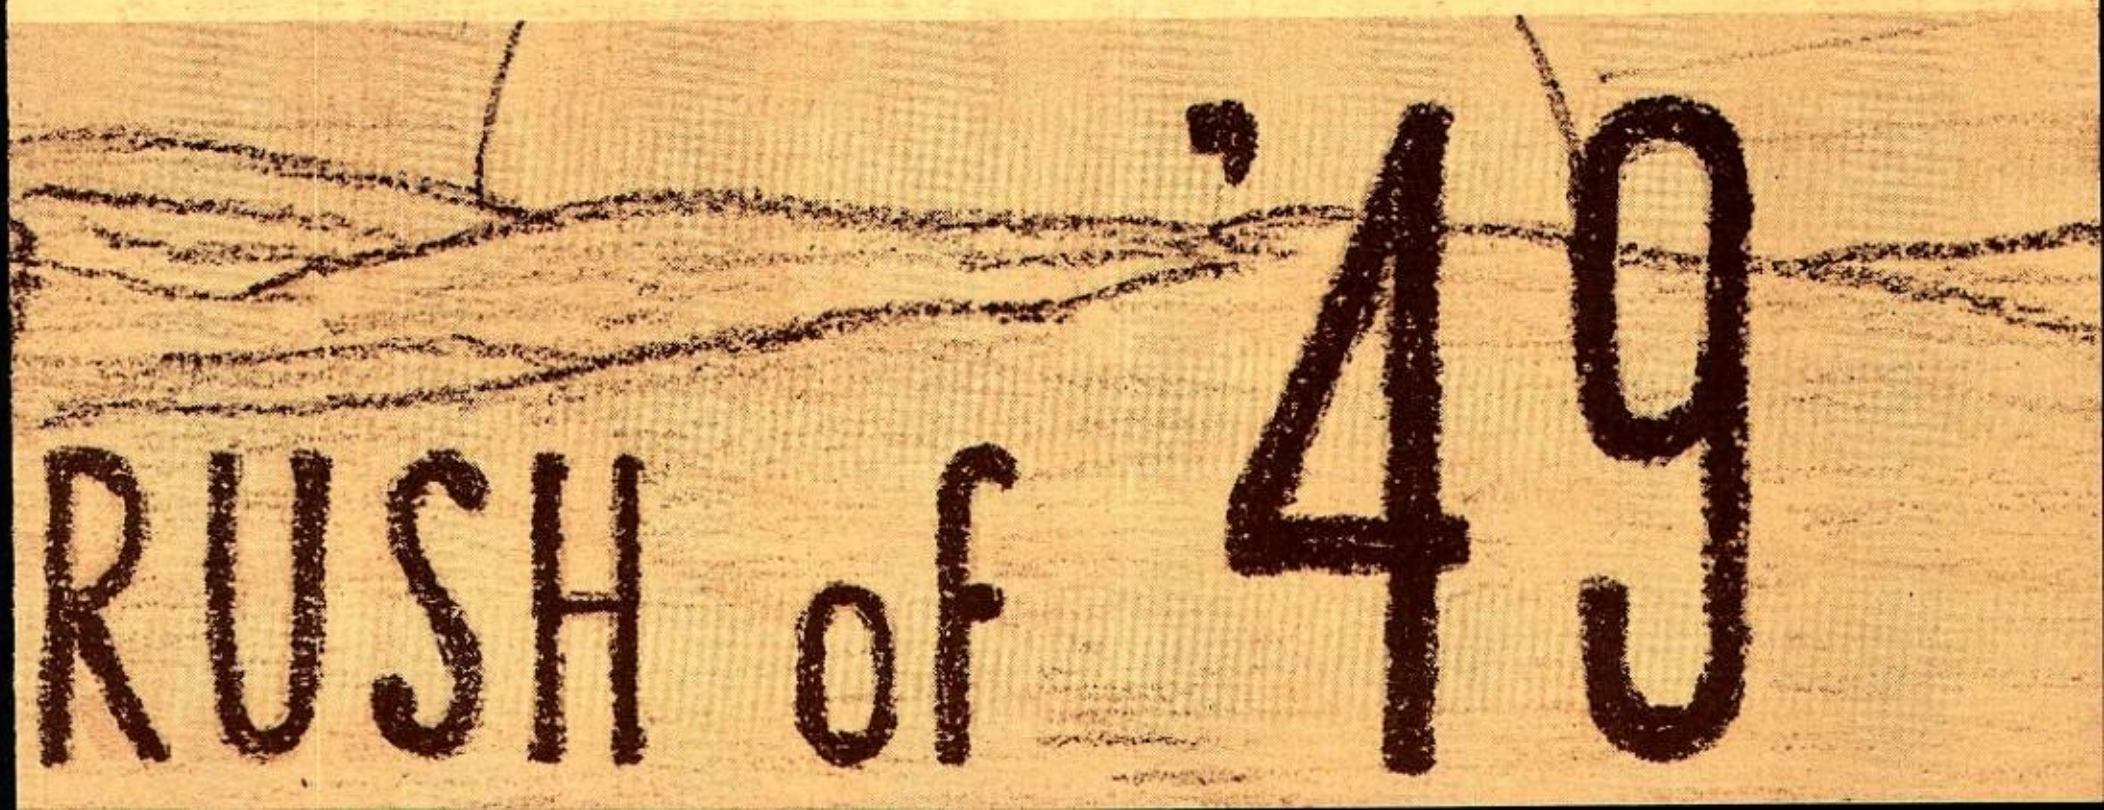
Wise teachers have "panned" the knowledge to be given us and filled us with hopes, dreams, and ambitions for bright futures.

When first we hit the trail in search of priceless knowledge, we little realized that we would find not only that knowledge which can be learned through text-books but also a wisdom and deeper understanding of life acquired through the daily associations that are an integral part of Mynderse life.

As the weeks, months, and years passed, a sense of superiority surged in our veins. The pauper had become the prince with this new discovery of knowledge. Now we feel humble again, because we have learned enough to realize that our training is just beginning.

The following pages will reveal, in part, the good times brought about by the dances, plays, extra-curricular activities, and classes that have gone to make up the rich ore of our school life.

Those of you who are leaving Mynderse Academy will treasure the memories these pages will induce; those remaining in school will know what Mynderse has in store for you.



24 carat GOLD

TWO YEARS AGO, MR. MARSHALL, YOU CAME TO MYNDERSE ACADEMY FROM SERVICE IN THE EUROPEAN THEATER. SINCE THEN YOU HAVE WON OUR RESPECT BY YOUR UNDERSTANDING OF YOUTH PROBLEMS AND OUR RECREATIONAL NEEDS AT "THE BARN." YOUR REVIVAL OF TRACK HAS BROUGHT US A NEW SPORT INTEREST, AND YOUR INTERESTING SCIENCE CLASSES HAVE BEEN STIMULATING EXPERIENCES. FOR THESE REASONS WE DEDICATE THIS 1949 MYNDERSIAN TO YOU.

BOARD OF EDUCATION

Our Board of Education, that group of seven men who govern the destinies of our school system, is made up of the following: Mr. John Bracht, president of the board, and Mr. Frank Knight, Mr. Robert Glanville, Dr. Angelo Romeo, Mr. Bernard Vergamini, Mr. Robert Pollard and Mr. Orville Yates.

At their monthly meetings they consider such subjects as maintenance of the several school plants, recommendations of teachers and textbooks, and other problems involving the efficient maintenance and operation of the schools.

During the past two years they have made several improvements. Among these are the installing of the radio intercommunication system; the redecoration of the Elizabeth Cady Stanton School, the Homemaking Center, First Ward School and Mynderse Academy; the acoustical treatment of Mynderse Academy Auditorium; the purchase of band uniforms; the installation of fluorescent lighting in First Ward; new equipment for the Homemaking Center; the erection of a steel fence around the athletic field, and the completion of other desirable improvements to increase the efficiency of the school system.

Not all the plans of the Board center around the present, but the future needs have been anticipated in the contracts that have been let to the John Bellardino Inc., Contractors, for the creation of three projects: a new cinder track, a new football field, a new baseball diamond, and draining, grading, and seeding of the State Street athletic field.

B. Vergamini, A. Romeo, O. Yates, J. Bracht, Pres.; R. Pollard, F. Knight, R. Glanville.

Congratulations and best wishes to the modern "'FORTY-NINERS." While the objective of the 1849ers was primarily material, you 1949ers are qualified for far greater achievements. You are among the fortunate 49 per cent of our nation's youth who will graduate from high school in '49. We trust that your GOAL will be greater than mere gold.

Your knowledge, skill, critical thinking ability, and moral character, if properly developed and implemented, will insure personal success. The proper utilization of your abilities will also be effective in desirably shaping the future world situation.

For every privilege there is a corresponding obligation or responsibility. Consequently, your GOAL in life should be much higher than that of the less fortunate 51 per cent non-graduates.

"FORTY-NINERS," I challenge you to be always ambitious, courageous, strong and prosperous "GOAL DIGGERS." Keep your AIM high and you will meet the CHALLENGE.

LEADERS

The theme of this year's *Myndersian* suggests "Then and Now" and is especially appropriate since this marks the one hundredth anniversary of Free Education in New York State, for in 1849 the legislature first attempted to mandate a minimum amount of free common schooling. Previously each community was a law unto itself relative to education. Those who wished for an education, and had the means, managed to obtain what they deemed necessary, but the majority received very little.

Today education is free for all youth between the ages of five and eighteen. Beyond this the state through its teacher colleges, institutes and scholarships, has made it possible to obtain an education which fits the present student for almost any career.

Let us hope that you, the Seniors of 1949, and those who are to follow, will make use of these opportunities and fit yourselves as better citizens for this, the best country in the world.

On a bright, cheery, September morn, a small caravan was seen beginning its trek across the land towards a great goal. The wagons carried a gay, laughing group of boys and girls, known as the Jolly Juniors.

As we rumbled along through colorful autumnal days, we began planning for a get-together party, so on November 11 our plans were formulated and the "Junior Armistice Soiree" made its bow. Such a delightful time we had dancing, eating, and watching the entertainment, especially the prize fight. These prize fighters had acquired their exceptional brawn by participating in the various activities and organizations.

About a month after our Junior Party, and while passing through an extremely cold region, we realized that Christmas was here so stopped in a small clearing to spend the holidays.

After two weeks of pleasure, we again trundled on across the thick blanket of snow. Since all had a premonition of some hard task ahead, we decided to have a last fling. Seated together one sunny afternoon we shouted in laughter at what the others had made into a talent show. We can't forget "Rambling Roses," our quartet, and the band who had sung and played at "Cornegie Hall."

It was well that we had our jollity then, for a few weeks later we were challenged by a band of inquisitors and it took all our mental ingenuity to conquer. The contest waged for almost a week. While we rested at night we planned our strategy for the next day. Day after day we fought to survive and when the week ended, the Battle of the Midyears ceased, and we had triumphed.

One clear afternoon our caravan stopped at a little schoolhouse, and after all had alighted, we entered. A group of boys and girls rushed forward to a platform, and after an announcement the rest of us realized we were to be entertained by our talented actors in the annual play, "Date Bait." Afterwards we all agreed that our play was a big success.

The journey went on over steep hills and smooth plains, and finally on an evening in June we came in sight of another caravan named the "Grave old Seniors." To wish them well on their trip, we held a wonderful party, which included "eats," enjoyment and entertainment.

Soon the end of the trail was in sight. With great care we proceeded on the plans for our Prom. Everyone eagerly gave his services to make it the best and loveliest Prom ever held.

A year has passed and we have traveled over smooth plateaus, along calm sections and in troubled regions, and now have reached our goal—the border of Senior Land. Our final tests are over and only the Prom is left of our activities .Our advisers and teachers who made the trek with us, graciously gave us their aid, without which we would have stumbled many times. To them we say thank you. None of us will ever forget our Junior trip across the Land of Knowledge.

Best of Luck to a swell and cute girl Gloria

A short one hundred years ago, the Forty-Niners in their covered wagons, started out in search of precious gold which would make them rich and prosperous.

In September, 1948, nearly one hundred years later, we new, eager, sophomores began our quest for the possession of a different kind of gold—knowledge and friendship. We were sure our year's journey would turn out successfully because of the competent leadership of our advisers, teachers, and well selected officers.

Our class cooperated with other Myndersians to welcome the new frosh who have inherited our places and to help them adjust themselves to new conditions, for we were happy to give them the benefit of our suggestions.

It was an ambitious, talented class, well represented in the many Mynderse organizations such as band, chorus, Microphone, Student Council, Junior Red Cross, Science Club, Girls Athletic Association, Block M, Hearth and Camera Clubs. All found sophomores ready and willing to take advantage of the extensive activity program Mynderse has to offer.

In sports, our teamwork was outstanding. Many of our loyal sophomores played on the Jay Vee Team, showing their ability and sportsmanship all through the basketball season. To help lead us in cheering at these exciting games, three of our peppy sophomore girls were chosen by the cheerleading organization. Football, tennis and track also attracted the attention of our athletic group. The girls in our class must not be forgotten for their participation in intramurals.

Early in February, we examined the results of our midyear exams and found that many of us had gathered quite a bit of dust along with the real gold we had been searching for. Our aim for the second semester was to replace this dust with more gold.

May 13, 1949 found us and all other Myndersians clamoring to attend the wonderful sophomore dance, "Maytime Magic." It was one of the biggest events of this exciting year with enchanting music, dancing, food and lively entertainment.

Almost before we realized it, the time had come for the Frosh-Soph play tournament in which we worked hard, discovered and were able to show our hidden talents.

It wasn't long before we met, on our journey, the hot summer sun and warm breezes which led us and the freshmen on our annual picnic at the lake for a day of relaxation and fun. Food, of course, played an important part in this fun-packed day. Many pictures were taken of our bathing beauties, and as the day ended, we compared our golden tans which were to remind us all summer of this delightful day.

At last we reached our journey's end and to test the quality of the gold we had acquired, came final examinations. A happy group of sophomores emerged from these, some battle-scarred but all full of plans for the coming year.

September found one hundred and twenty-one eager young freshmen entering the halls of Mynderse Academy searching for fun and knowledge. When a prospector looks for a mine he searches for the one that will provide the most gold. After he has discovered a vein of gold of great value he is most pleased with himself. So it was with the '49ers in 1849 and so it is with the Freshman Class of 1949.

When we finally got settled we found, much to our disgust, that our homerooms were up on the third floor. A few of us decided that someday when we strike gold we will install an escalator system. We also began to realize all the "gold" which was a part of our class. We recognized personality, scholastic ability, musical talent, and all the other golden qualities that make a class outstanding.

We showed our spirit of adventure when we started joining the school activities. Band, Orchestra, and Glee Club interested our musical classmates; French and Latin Clubs received the attention of the language students and the Hearth Club of the homemakers. Many of us interested in other specialized fields joined Library, Science, Camera, and Acanthus Clubs.

We also stood out in varsity and intramural sports. Some of our classmates show great promise in becoming second Blanchards on the football field. Our basketball team certainly put up a good, stiff fight on the court.

Most of us studied hard during the first couple months of school, but we turned out full force when we were needed to support the school's football and basketball teams.

The first big event for us was the election of class officers. We went in search of some capable and fun-loving classmates and found them.

Next on our program was the annual Freshman Dance. The girls did a little gold digging when "Musical Snowflakes" whirled around the corner on January seventh. We were very much honored when the Senior Quartet agreed to perform for the entertainment. Everyone had fun and the Freshmen of '49 really struck it rich.

During the following few weeks it was found beneficial for all to do some studying as midyear exams drew nearer and nearer. At last they arrived and now the not so eager freshmen entered the school to meet their fate. Most of us survived, however, and we started our second and more important term of our freshman year.

We struck gold, in the form of talent, when the freshman play came along. The next few weeks were spent in hard work frantically rehearsing. Our greatest hope was to triumph over the sophomores who had won for the past three years. With the annual Frosh-Soph Picnic we settled our differences with the sophomores. Everyone had a fine time.

Now, as we come to the end of this first year of treasure hunting, we look back on our accomplishments with gratitude to our able advisers, who guided us on our search.

We hope that during the next few years we may acquire some of the golden qualities so evident among our upperclassmen. We intend to devote ourselves to improving our class, so that when the year 1952 comes around we will possess as much "gold" as the class of 1949.

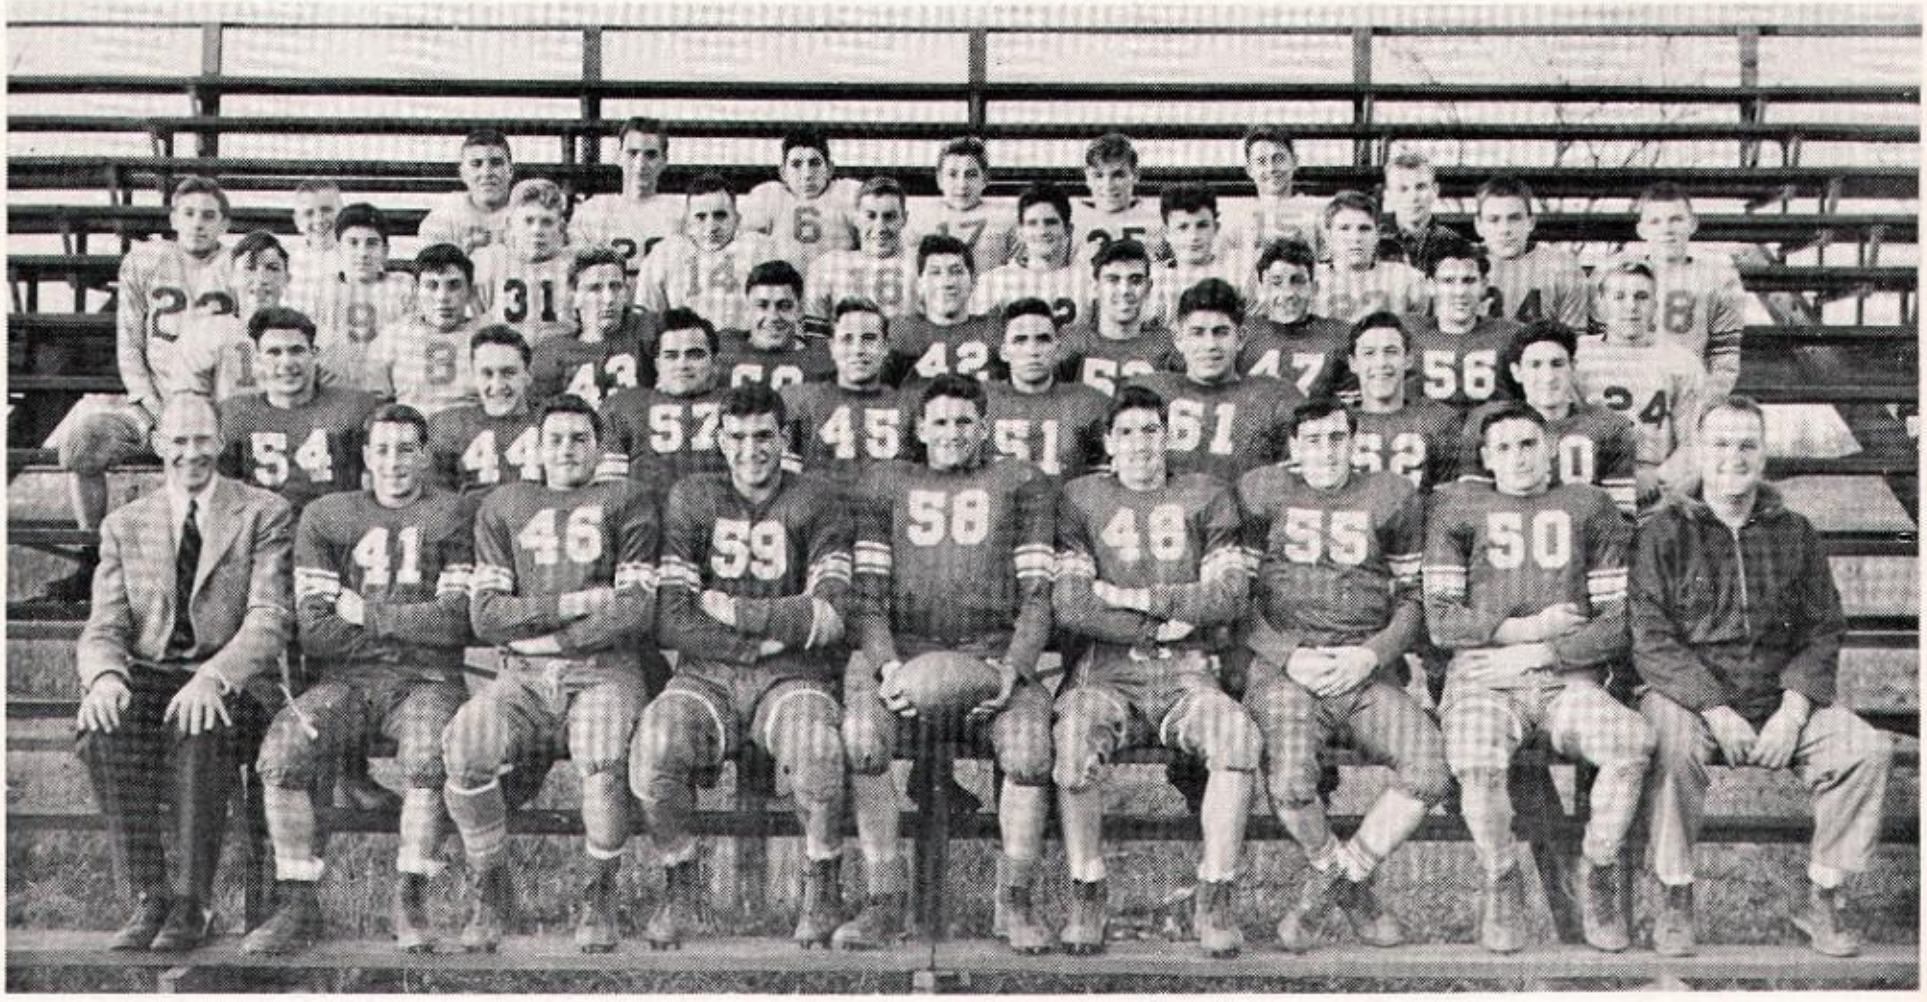
For the first time in four years, the Mynderse Academy football team ended the season with a sub-par record. Led by Captain Ronnie Sandroni, the locals finished the season in a fourth place tie in league standings; their record was 2-3-3. The team was in there fighting all season but couldn't seem to strike pay dirt.

The three top league teams—Penn Yan, Newark, and Canandaigua accounted for the three losses. Palmyra and Lyons were the only victims. Baldwinsville, Waterloo and Clyde tied us.

Coaches Cooley, Marshall and Bourdon will have a problem in molding a new playing combination because they will lose sixteen players by graduation. Some of these athletes may return for post-graduate work, but this is indefinite.

The three year string of victorious home games was also broken this year, but that record will still be remembered by the sports fans of Seneca Falls.

The annual Football Banquet, held January twentieth, climaxed the season. The Elks sponsored the gala occasion and have voted to make it their yearly privilege to honor Mynderse's football teams.



Back row—Rossi, Lorenzetti, Povero, Frappoli, Benassi, Dowen, Blaisdell, Manager. *Fourth row*—Denman, Lyman, Manager; Bauso, Hughes, Lafler, Staudmyer, Carello, Palumbo, Smith, A., Garnsey, Reardon. *Third row*—Sinicropi, Giovannetti, R., Sullivan, Eighmey, Verzillo, Giovannetti, B., Caraccilo, Galgano, Knipper. *Second row*—Pratt, Rutz, Russo, Knapp, DelRusso, Serling, Schaertl, Lemma. *First row*—Cooley, Head Coach; Piscitelli, Faiola, Capacci, Sandroni, Cap't; Mackey, Giovannini, Paradise, Bourdon, Assistant Coach.

Back row—Paradise, Sandroni, Freeland, Bishop, Oakes. *Front row*—Peterson, Hartman, Faiola, Lemma, Capacci.

THE TEAM

Mynderse Academy's 1948-49 basketball team finished in fifth place in the final league standings. Led by Captain John Capacci the Blue and White cagers salvaged four league wins and one non-league victory to leave a season's record of five won and eight lost.

Bob Freeland led the team's scoring as he netted 94 points during the season.

Nearly all the losses were accountable to a disastrous third period, or second half. In the entire season the locals never had a really bad first half, but they seemed to fold in the second many times.

Coach Cooley will have to build a new quint for next year as most of the team are graduating. They include: Capacci, Freeland, Paradise, Sandroni, Hartman, Lemma, Faiola, and Oakes.

Returning next year will be Bishop and many of the Jay-Vee players, but none of these have played as a unit. There may also be some post-graduates, but this is not certain.

JAYVEE BASKETBALL

Although the record made by the J. V.'s during the year was not outstanding from the mathematical standpoint, the team itself was impressive. It met and reckoned with teams thirteen times during the year, winning six, and dropping seven.

High scorers for the entire year include Peterson, Sinicropi, and Staley. Marked improvement was noticed among the team in handling the ball, setting up plays, etc. Bob Knight in particular showed great improvement.

The 1948 edition of the Blue and White tennis team ended its season with a 5-5 record. The ten game schedule consisted of two matches each with Geneva, Clifton Springs, Canandaigua, Waterloo, and Penn Yan.

Captain Tom Olmstead was a consistent winner in the singles competition and Cramer and Cafaro won many double matches. Losing them, Coach Wallace Smith will have only two lettermen, Jack Pratt and Bob Knight, returning to form a nucleus for the 1949 squad.

TENNIS

ON THE CINDER PATH

Mynderse's second track team in several years showed great promise in the 1948 season. The team competed in four dual meets, one triangular; the other, conference competition. We sent three athletes to the Section V meet in Rochester. Although winning only one, the team inspired an avid interest for track and field in this town by holding two home meets and by nearly upsetting Waterloo.

Mynderse took second in the triangular meet with Geneva and Solvay. Canandaigua trimmed us as did powerful Penn Yan. Newark was our sole victim. The team could gain only twelve points in the conference meet but qualified the following for the sectionals: Mackey in the individual 440, Rizzieri in the individual 220 hurdles and Dombrowski, who won a shield, in a relay.

Louis Rizzieri led the team's scoring with 54½ points. Captain Don Mackey was next with 23¼ points. Ray Rutz and Bob Freeland added 23 and 20 each.

Allen Odell and Ray Rutz were elected co-captains of the 1949 team. Caracillo, Rizzieri, Carpenter, Sisson, Ashbaugh, Aronson, Baker, Cherchia and Piscatelli were lost by graduation.

GIOVANNINI, SANDRONI
JOHN CANALE, *Coach.*

The Blue and White nine, under the guidance of coaches Canale and Swinger, salvaged four wins out of a twelve game schedule, including four non-league contests. Captain Lee Letezia's charges had spirit but lacked in hits and runs, and there were several close losses.

The most valuable player award, determined by the coaches, went to Lenny Passifione, who also led the team's batting over the campaign. Lost by graduation were: Broadbent, Bowers, Letezia, Passifione, Hanlin and Franceschi. With several returning veterans, Coach Canale hopes to have a victorious team next season.

The story of the 1948 games can be briefly summed up. DeSales was a victim of Broadbent's pitching and Passifione's three hits. Waterloo then took a sloppy game. DeSales again lost to the locals. Franceschi saved a victory over Canandaigua but poor ball gave Waterloo another victory. Geneva tossed a no-hitter and Holy Family upset us. Canandaigua took a heartbreaker as did Penn Yan. Geneva romped again and Penn Yan took another thriller. Staley's hitting took Holy Family.

The initiations and special team programs were major fall operations. The club also held athletic contests and contributed to the March of Dimes. Members cleaned school trophies, published "Salutes" in the "Microphone" and drafted a new constitution. Fun for the year included a sleigh-ride, a formal party and a picnic.

The athletes of the Block M combined fellowship and fun with active school service.

GIRLS' ATHLETIC ASSOCIATION

The new constitution of the Girls' Athletic Association went into effect in September, 1948, covering membership open to all girls in the high school with a first requirement that a girl must earn 100 points through participation, according to the point system.

The three main purposes of the G.A.A. are stated as follows:

1. To provide for a diversified program of games, sports, outings, and social activities.

2. To promote interest in athletics among the girls and interest in girls' athletics among the students and faculty.

3. To foster good sportsmanship.

At meetings of the G.A.A. during the noon hour, the year's program of basketball, volleyball, softball, archery, and other sports was planned.

Special events of the year included: selection of an official emblem; Playdays with Geneva, Waterloo, and Pen Yan as well as return Playdays; a lecture from the boys' coach on the fundamental rules of basketball; participation in the All Girls' Sports Night on March 11, 1949; G.A.A. dance, April 29.

A spirit of co-operation and good sportsmanship always prevailed, under the supervision of Miss Driscoll, club adviser.

ACTIVITIES

Dear Janie,

Dear me, I can't think of much to say except all I wish you good luck. Don't ever forget all the good times we've had in M.A. See it will seem awfully funny on the bus this year. I won't have anybody to hear me with my Latin and Dorie and I won't have any body to try to pronounce our English spelling to. Dear. One thing I won't mind is that I won't be getting teased about cyprus trees, guernsey cows and the icbies. Golly I think when I get rich I'll install a escalator for all the poor suffering Freshmen and Sophs. who have to climb three flairs, I sometimes think I will never make it we really had fun in school haven't we? I hope you like your job. When you go to work this winter think of us poor little Darlings riding on a freezing old school bus - most likely to getting stuck on a back road. Well that's all I can think of for now.

Love Phyllis.

P.S.
If you ever want a kitten just give me a ring. I have a whole stack of them.

STUDENT COUNCIL

The Council continued its activities of last year in distributing fruit baskets, cards, and gifts, collecting funds for the March of Dimes, and taking over the jobs involved in the management of the games.

Other important projects included helping to sponsor the Pep Rallies, co-operating with Mr. Becker for American Education Week, and working with Mr. Wilber on Career Day.

New undertakings of the council were the establishment of Corridor Aides to act as guides and messengers for the office; the reading of the minutes over the public address system by the homeroom representatives.

As a means of raising money, the council sold Mynderse football pins, participated in games with various groups, set up a pencil machine on the first floor, and held an assembly quiz program entitled "Twenty Questions."

A dance was held for the faculty and students in an effort to promote friendlier relations.

In June, Mr. Davies completed his second year as adviser; Miss Miller carries over as chief adviser for next year.

Treasure hunts were the goals of the 1849ers; pleasure hunts have been added by the 1949ers. In carrying out the theme of this yearbook we have endeavored to show a parallel between the efforts of the pioneers and us. The results of our project we present in these pages.

For the first time in its history, the *Myndersian* is headed by Co-Editors, Mary Louise Allen and Dominic Scaramuzzino. These two seniors won their positions by achieving identical ratings in the competitive "tryouts." Jerry Lyman was named Business Manager. Other departmental chiefs are Dorcas Bowman, Art Editor; Bert Serling, Photographic Editor, and Barbara Yates, Head Typist. The rest of the staff assisted greatly in the preparation of this yearbook.

The aid given us by Miss O'Brien, our adviser, was invaluable. The entire staff joins in thanking her for her interest and guidance.

MIKE CHANGES MAKE-UP

Students Laud Revisions

Several progressive changes have been made in the 1948-1949 *Mynderse Microphone*. In the February tenth issue the second page had a complete new make-up. These changes were so well received by the students that succeeding issues were done in a similar manner. A poll of current topics, short biographies on outstanding, senior Mynderse girls and boys, teen-age etiquette letters, feature stories, and questions about Mynderse and Myndersians were included in the new make-up changes.

When the fashion column was used, photographs of Myndersians in striking apparel were frequently shown.

Due to the increased cost of printing and paper the *Microphone* price was increased. Only twelve issues were published because of the rising price of printing; nevertheless, the students supported the paper with their usual enthusiasm.

Microphone members receive no high-school credits for the work they do. This work takes study halls and after school time. When you are a *Microphone* member you learn not to count on study halls. You can never tell when the galleys will come back. However, *Microphone* members feel rewarded when they see each issue roll off the press.

The *Microphone* has continued to retain its high standard of journalism. This bi-weekly publication is still rated among the best by Myndersians and outsiders.

Much of the credit for this goes to Miss Compitello who is adviser for the *Microphone*.

Although the *Microphone* has no regular journalism classes, the "Mike" under Miss Compitello's direction maintains its outstanding record.

Mike Editor Places Third

Marion Landberg, Editor-in-chief of the *Microphone*, placed third in news writing at the Empire State School Press Association Conference at Syracuse, October 30.

The contest, a feature of the conference, included about one hundred fifty contestants. They covered a speech given at the opening assembly by Charles John Stephenson, *Washington County Post*, on "There's a Handle on Your Newspaper Scoop."

Bob Freeland, Associate Editor; Dorcas Bowman, News Editor; and John Oakes, Business Manager, also attended the conference. Miss Compitello, faculty adviser, accompanied the delegates.

WIG AND ROUGE

The members of Wig and Rouge have led a very active life this year.

First on the schedule was election of officers. Girls seemed to be favored, since they won all four offices. Miss Howes, the new dramatic coach, with her enthusiasm and ability and her readiness for fun, made an excellent club adviser.

Wig and Rouge struck pay dirt when they joined with the Junior Choir to put on the Christmas Operetta. It was a great success.

Appreciation for drama and the theatre was stimulated by attending college plays, doing make-up for various productions, putting on an assembly, and directing the Frosh-Soph Play Tournament.

That members had other interests and talents was shown by their participation in basketball games. Both masculine and feminine teams defeated their opponents, the Wild Angels and the G.A.A.

Wig and Rouge members relaxed with their friends at the annual spring dance.

Then came the final event of the year, a gala picnic. Seniors attended with sadness in their hearts at the thought that this was truly the last Wig and Rouge party at which they would be present. Other members found themselves looking forward with anticipation to another year.

SENIOR PLAY

The seniors presented "June Mad," a play about fifteen-year-old Penny Wood (Mary Louise Allen). The understanding attitude of her family and friends aided Penny in her trials and tribulations, caused by sophisticated Roger Van Vleck (David Weart) and air-minded Chuck (Jack Seitz). The other characters added much to the plot and fun. Thanks go to Miss Howes, the director.

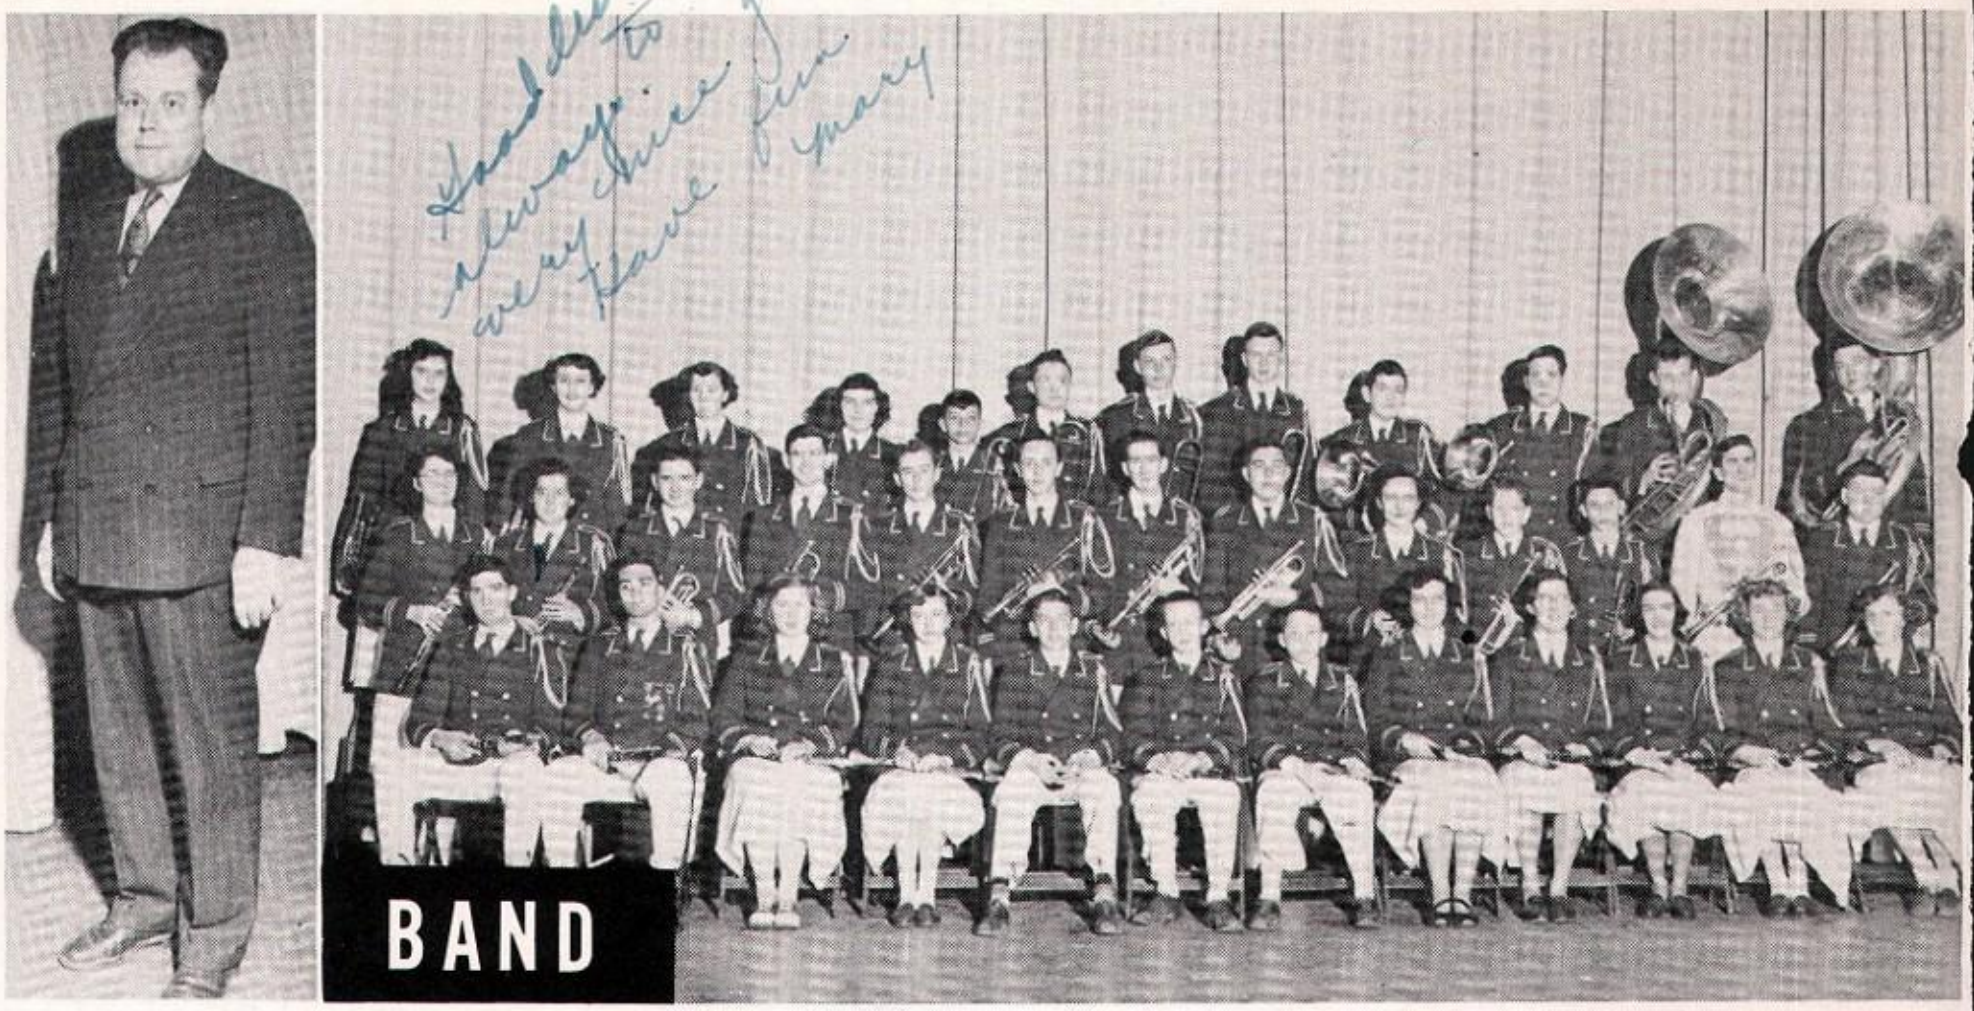
JUNIOR PLAY

"Date Bait," a three-act comedy, was presented by the juniors under the direction of Miss Mary Howes.

Emily Walker (Carolyn Knight) deplored the fact that she was not "date bait" as were her sisters, Pat (Carolyn Seman) and Mary (Grace Bauso). When Emily became engaged to Harley Allen (Jimmy Reardon), surprising things happened. The play was rounded out by a fine supporting cast.



MR. FRASER
Director

Third row—Seman, Knight, C., Ashbaugh, J., Mills, DelRusso, R., Sherman, W., Shuster, D., Hubbard, Landberg, Carpenter, Shepherd, Malone. *Second row*—Ashbaugh, N., Carbone, J., O'Connell, Weart, Clark, Seitz, Dowd, Rossi, Zona, Carpenter, F., Agnello, Mastroleo, Serling, J. *Seated*—Mackey, DelRusso, F., Crough, Leno, Smith, Forshee, Grinstead, Suglia, Bears, DelRusso, J., Horle, Shuster, J.

The Mynderse Band first hit pay dirt in September when they received sixty-two new uniforms which are very different from the old ones. Each uniform consists of a double-breasted coat of blue embellished by a gold trim and gold citation cord. A military cap of corresponding colors is also included. There are four three-piece drum majorette uniforms and a white uniform with shako for the drum major.

The excellent progress made by the band and by various individuals through the year was displayed at the annual spring concert, presented March 18 before the usual enthusiastic audience.

Beverly Vreeland, Nancy Ashbaugh, Frank Del Russo, Pat Mastroleo, Jack Pratt, and Jack Hubbard participated in the All-State Band at Canandaigua, November 21 and 22.

Snare Drummers—SULLIVAN, PRATT

On December 2 through 4, Eleanor Shepherd and Frank Del Russo took part in the All-State Band at Eastman School of Music in Rochester.

The entire organization of sixty members, attended the Music Festival at Geneva, May 21 and 22.

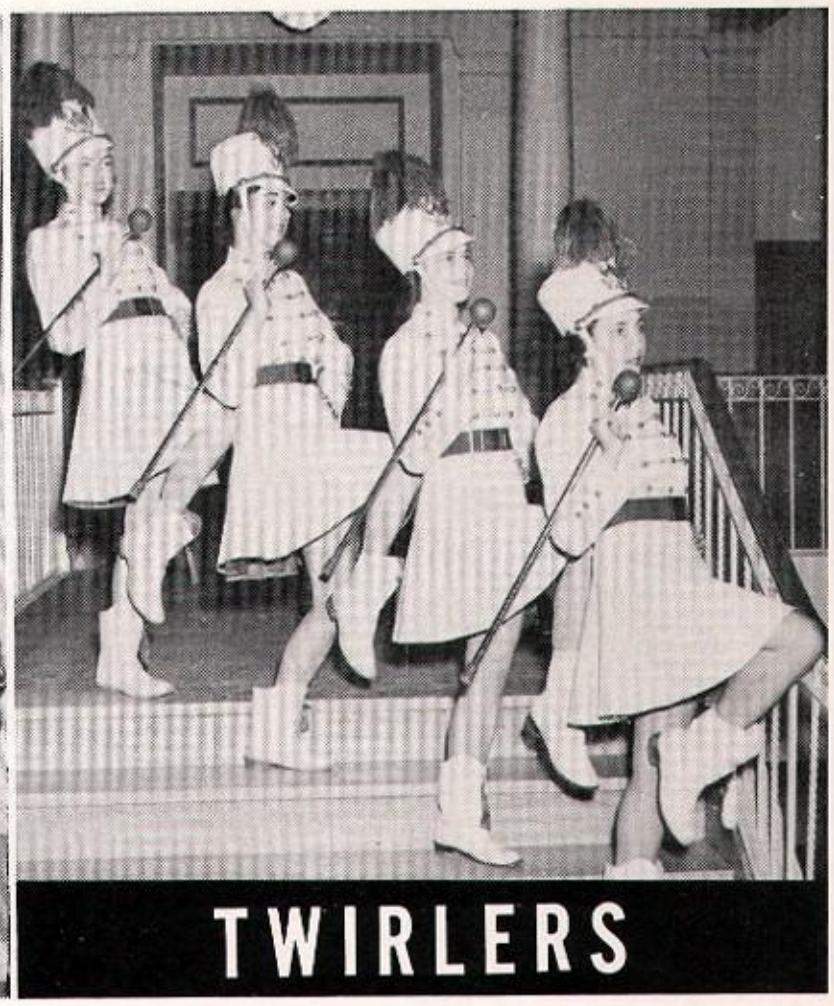
This 1948-49 band is different from last year's in as much as a great number of first chair and important players were graduated last year. With the exception of Janet Reynolds, flute player, all first chair people are playing those positions for the first time.

Although the band as a whole is rather new to the parts, there are several good soloists. Those who presented solos at the concert were Frank Del Russo, Pat Mastroleo and Jack Hubbard.

On January 3, Jack Pratt was granted membership in the National Association of Rudimental Drummers, and was awarded a certificate of merit for his drumming abilities.

Mr. John Fraser directs the band, while Frank DelRusso acts as manager and Eleanor Shepherd, librarian of the organization.

Back row—McNaney, Pratt, Sullivan R., Knipper, Irland, Eighmey, Parks, Jean. *Second row*—Scialdone, Sherman, S., Scaramuzzino, Piagentini, Gibbs, Knight, R., Oakes, Serling. *Seated*—Lind, Hilbert, Sullivan, M., Zwick, Vreeland, Shepherd, Coffey, Martin, Reynolds, Parks, Joan.

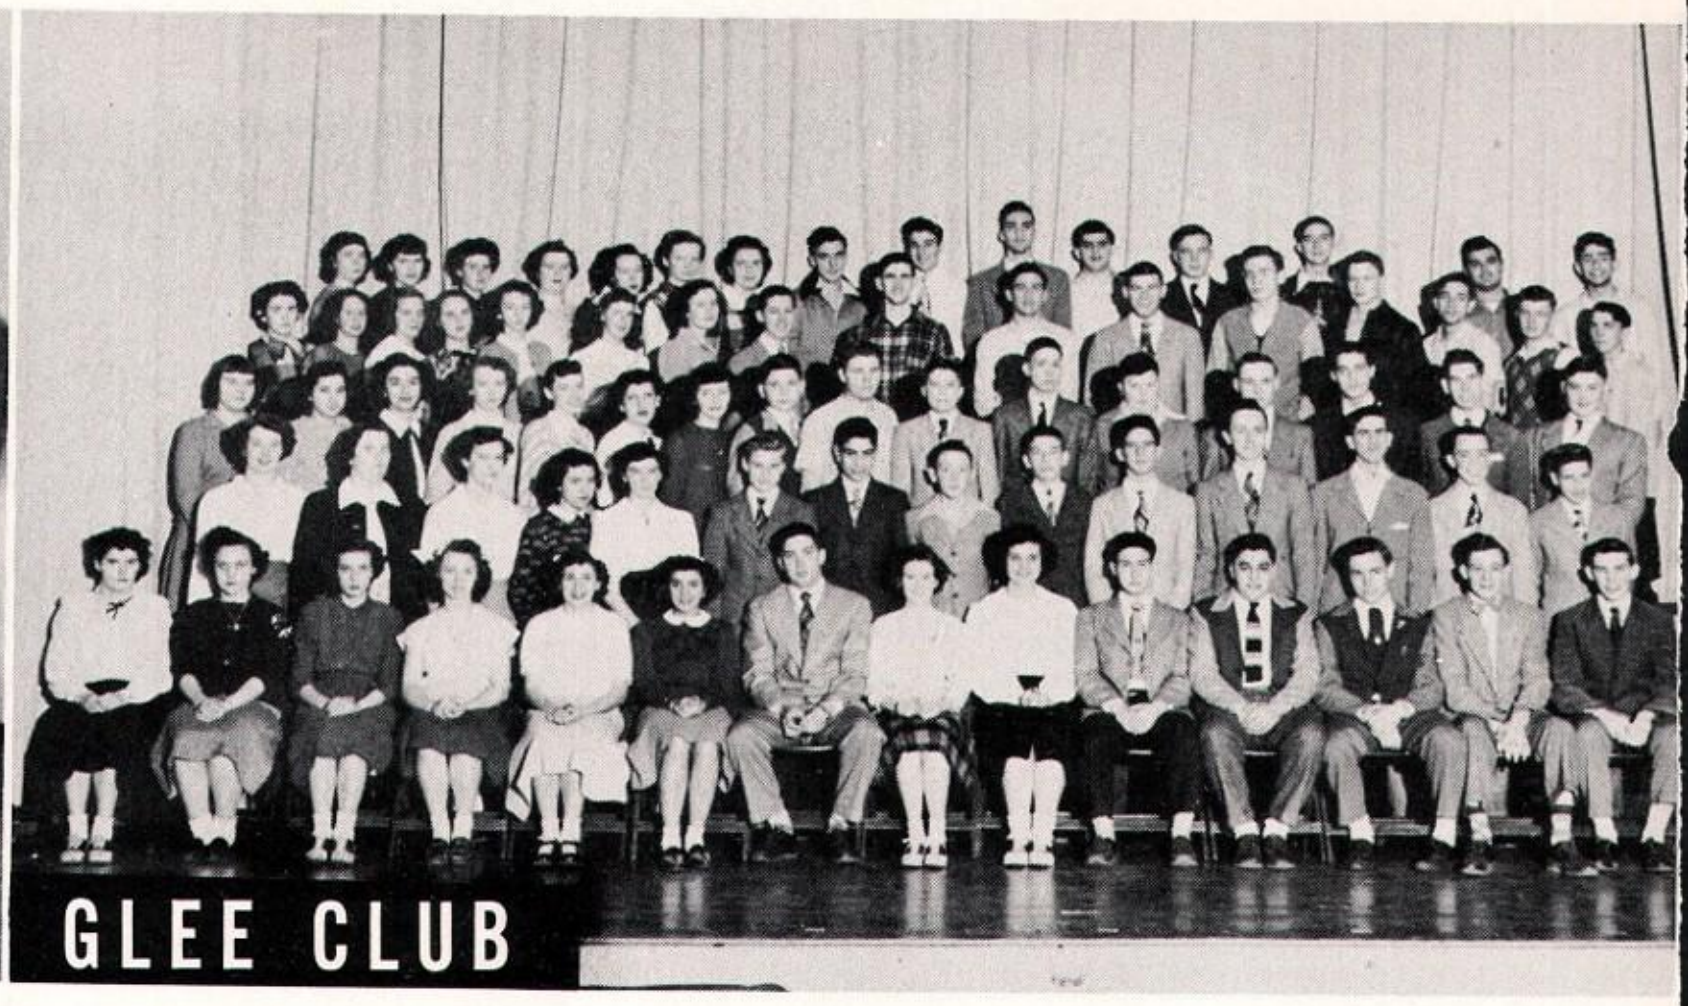


BROWN, MASTROLEO, SELLECK, LA MANNA

Standing—Fraser, Director; Ashbaugh, Shepherd, E., Shepherd, D., Carpenter, Hubbard, Shuster, D., Seitz, Smith, Assistant Instructor. *Seated*—Whiting, Jorgensen, Shuster, E., Frankenfield, Zona, Clark, Pratt, Weart, Mastroleo, Gibbs, DelRusso, Vreeland, Mackey.

The orchestra, under Mr. Fraser, assisted by Mr. Smith with the string instruments, played for all the assembly programs, the plays, graduation, and other functions held in the auditorium this year. Several members of the orchestra also play with the "Mynderse Madmen" at many social affairs.

MISS SCHLOSSER
Director



Back row—Ashbaugh, Amidon, B., Gaines, Knapp, Ryan, Gibbs, Parks, Joan; Bianchi, DiDominick, DelRusso, F., Scaramuzzino, Deal, B., Stuck, Russo, Caraccilo. *Fourth row*—Hughes, B., Covert, Church, Rawson, Jones, Jorgensen, Coffey, Hibbard, Weart, Faiola, Odell, Deming, Hubbard, Denman, Smith, L., Parker. *Third row*—Mills, Annetta, Lapomardo, A., Keating, Brown, Lamuraglia, Marcuculli, Irland, Smith, A., Deal, J., Decker, Eighmey, F., Peterson, L., Galina, Smith, W., Ward. *Second row*—Hayes, Byrne, Lynch, Piscitelli, Barrett, Peterson, D., Lapomardo, J., Eno, Smith, W., Carello, Seitz, Mastroleo, P., Mc Naney, Reynolds. *First row*—Noyes, Zona, Lama, Meeks, LaManna, DePasquale, Mackey, Holland, Suglia, Lemma, Eighmey, S., Benassi, Turkett, Staley.

Under the direction of Miss Schlosser, the Senior Chorus presented two programs throughout the year: the "Pop" Concert on March 4, 1949, and the annual Spring Concert on April 7th and 8th, 1949. The types of music pursued by the group have been varied, both in subject and in degree of difficulty.

The chorus earned the highest rating possible to attain at the Spring Festival sponsored by the NYSSMA. Miss Schlosser hopes that this will set a precedent that will continue for many seasons to come.

Since the Senior Chorus did not give an operetta this year, the group was given the opportunity to choose the music it felt would be the most enjoyable to perform and hear in the concerts which would be given during the year. It is felt that a good choice of numbers was made and both concerts were well received.

One of the problems of the present chorus was proper seating arrangement. Due to the increase in strength in the men's section, an arrangement providing proper vocal balance was sought. This was finally accomplished by placing the men in the center of the group.

The following were the officers selected to carry the group through the year: President, Donald Mackey; Vice-President, Nona Holland; Treasurer, Joe Lemma; Secretary, Jean Suglia; Librarians, Barbara Byrne, Chief Librarian; Joyce Lind, Dominic Caraccilo, Anna De Pasquale, Diane Rossi, Joan Del Russo.

Accompanists, Carolyn Knight, Nancy Noyes, Eric Landberg.

The Junior Chorus made up of those people in the lower grades who are vocally inclined, at Christmas time, together with the Wig and Rouge, presented an operetta based on Dickens' "Christmas Carol." Another activity was participation in the April Spring Concert given by the combined choruses of Mynderse Academy.

Senior Boys' Quartet

In their Junior year, four boys decided they liked singing so much that they would try to form a quartet to sing in the talent show at the "Barn."

Whether as entertainment at a dance, concert or club, or just for their own amusement, these chaps who call themselves the "Solid Four," are always in harmony.

Duly elected officers are:

2nd Tenor, chord-flatter, and President—Jack Seitz;
2nd Bass, note-giver, and Vice-President—Pat Mastroleo;
1st Bass, music-carrier, and Secretary—Norm Deming;
1st Tenor, publicity agent, and Treasurer—Dave Weart.

Library Club started off the new school year with the election of officers. Membership reached a new high, as thirty-four applicants were accepted into the organization.

The club members displayed their co-operative spirit, when they joined with the Science Club in sponsoring a Talent Program, first of its kind in Mynderse. The whole school was invited to participate.

Big event of the year was the Silver Tea, December 9, 1948, in observance of Book Week and in honor of the mothers of the Library Club members. The purpose was to acquaint the adults with the functions of the library and the work of the Library Club. Library duties and procedure of library usage, along with the various classifications, were explained. Some brief book reviews, on books recently added to the library, were given. A social hour followed.

In addition to the regular desk work, the girls took inventory during Regents week, learned to process the new books, and carried on a campaign to restore missing books to the library.

A picnic was held to close a year made successful through the efforts of Miss Compitello, club adviser.

LE CERCLE FRANCAIS

Sous la conduite de Mme. Seld, Le Cercle français se mit à ses activités avec l'élection des officiers capables.

Envers la fin de 1948, le Cercle donna aux classes de français quelques livres au sujet du "French Clubs" et aussi des films.

Le Cercle commença ses dances en décembre et les continua une année. C'est une partie du programme social du Cercle.

Aux séances du Cercle, les membres répondent à l'appelnominal, en français en donnant les noms des fameux Français ou produits de France. Comme ci, on se sert de sa connaissance de la langue et aussi de la civilisation. Aux séances aussi, les membres jouent à "Vlano" qui se ressemble à "Bingo" americain, excepté qu' on appelle tous les numéros en français. Ce sont quelques activites des séances du Cercle.

La soirée d'iniation eut lieu en février à la Grange pour terminer une semaine d'iniation pendant laquelle six nouveaux membres recitèrent des parties de la constitution et des règles d' orders pour les séances.

Le Cercle eut un banquet en mai et un piquenique en juin.

Great things were planned and carried out this year by the Science Club under the leadership of Mr. Marshall. The new constitution, drafted last year, was put into effect. Among other provisions, it limited membership in the club to eighteen students, and divided the membership into work groups in the fields of their choices: photography, medicine, machines, animals, or chemistry.

A project on the lighter side was the talent show sponsored by the Library and Science Clubs. Hidden talent among the faculty and students appeared, so it was voted to make it an annual affair.

Since Francis Cammuso was the only new member accepted this year, there was no formal initiation party. There was, however, a Christmas party in its place, at which the members had a gala time singing carols and playing games.

Throughout the year at the meetings, various members gave lectures on scientific subjects of interest to other members.

The scientific attitude was lost sight of at the annual picnic. Food, more food and fun were the objectives.

SCIENCE CLUB

LATIN CLUB

The Latin Club, with Miss Miller as adviser, and Patricia Doyle and Janette Thorpe as consuls, has worked this year to provide a broader knowledge and understanding of the Latin language.

Other officers of the club are Darlene Chubb and Margaret Souhan, aediles; Janet Lamuraglia, cantor; Lillian Jorgensen, censor; Dorothy Albro, quaestor, and Madeline Lynch, janitor.

The club ended its activities as usual with a Roman banquet, to which all members came dressed in typical Roman style. Guests were invited from the faculty, and Latin I students, who possessed the highest averages, acted as slaves for the event. The menu was written entirely in Latin, and it included everything "ab ovo ad nuces" which translated means from eggs to nuts.

Standing—Galletti, Morehouse, Souhan, Lamuraglia, Miller, Adv.; Chubb, Lynch, Jones, Kanaley. *Second row*—Albro, Doyle, Thorpe. *First row*—Mahoney, Paulich, Jorgensen, Eastman, Bevins, Gigliatti.

Back row—Beerse, Jones, Krantz, Brand. *Middle row*—Wedge, Byrne, Andreas, Holcomb, Luckern, Trulan, Adv.; Scannell. *First row*—Annetta, Landberg, E., Decker, Landberg, M., Freeland, Klandatos.

ACANTHUS CLUB

Election of officers: president, Marion Landberg; vice-president, Bob Freeland; treasurer, Erik Landberg; secretary, Delores Decker, marked the beginning of the new Acanthus Club year. Six members were also initiated into the club.

Acanthus sponsored the idea of the decoration of homeroom windows for Christmas. The plan was successfully carried through and prizes were presented to the winning homerooms.

Group projects, including assisting organizations with decorations and publicity were completed. Individual entries were made for the National Scholastic Art Contest.

Under the direction of Miss Trulan, this Acanthus year has been both a profitable and interesting one.

JUNIOR RED CROSS

Under the leadership of Thomas Waters, president, and Miss Jacobs, adviser, the Junior Red Cross maintained its 100% membership in Mynderse. Other officers of the club are Barbara Church, vice-president; Marie Toni, secretary, and Lucy Lama, treasurer. During the year, the members made scrapbooks of cartoons, jokes, and crossword puzzles, and tray mats for the Canandaigua Veterans' Hospital. They also purchased and wrapped prizes and collected jigsaw puzzles for this same hospital.

Through this club, Miss Smith's and Miss Campany's social studies classes made School Correspondence Booklets to exchange with schools in Europe. These booklets gave the people of Europe an opportunity to see life in our school, community, and country.

Standing—Wedge, Poole, Martin, Oakes, Miss Jacobs, Adviser; Dowd, Beerse, Martello, Green, Palandro, Barrett. *Seated*—Sinicropi, Lama, Church, Waters, Toni, Salerno, Cusimano.

Back row—Lapomardo, A., Lamuraglia, Wilson R., Lapomardo, J., Rogers, D. E., Romeo, Jones, Yeo, Congdon, Wilson, J., Maier, Bonacci, Blaisdell, Amidon, Dalessio, Woods. *Seated*—Bauso, Sandroni, Serling, Marioni, Becker, Adviser.

CAMERA CLUB

The Mynderse Camera Club, whose purpose is to further interest in photography, was reorganized last November under the supervision of Mr. Becker. At the first meeting Bertram Serling and Ronald Sandroni were elected president and vice-president respectively. Later, Grace Bauso was elected secretary and Anthony Marconi was selected as treasurer of the Club. The Camera Club constitution was drawn up by a committee headed by James Romeo. It was adopted at the December 9th meeting. The Club made arrangements by which it received slides and material for lectures from the Eastman Kodak Camera Club and School Services. The first of these lectures, entitled "Introduction to Picture Making," was given by Mr. Becker at the January 13th meeting. The Club members have enjoyed many similar lectures.

Standing—Magill, Brewer, Zona, Buck, Salone, Platten, Seman, Gurba, Broadbent, Meeks, W., Holcomb, Irland, Barrett, J., Reigel, Farney. *Seated*—Jorgensen, Hartman, Amidon, Green, Lind, Bells, Buck, Northrup.

HEARTH CLUB

This year the Hearth Club, open to all members of Homemaking classes supervised by Miss Cardwell, pursued further its aim to increase the social training of its members, and to teach them more about intelligent and happy living.

In September a tea was held for all girls in the Homemaking department for the purpose of selecting new members. Their initiation took place in November.

During December, the club held its annual formal dinner dance for members and their guests and planned another such affair for Easter.

One of the main projects of the year was the tea held for the guest speakers who participated in "Career Day."

Other activities of the club included a Valentine party on February eighteenth for all members, a basketball game against the Library Club, a coke dance, and for May, a tea for the members' mothers.

The club terminated its activities with the annual picnic at the end of the school term.

BEACON SERVICE. SIR!

When the Beacon Milling Company, Inc., was started in 1920, it established a precedent in feeding service. Instead of following the prevailing practice of making poultry and livestock feeds primarily as an outlet for specific by-products, Beacon formulated its feeds to meet the requirements of the poultry and livestock to be fed. Beacon's conception of feeding service, then and now, calls for the unrestricted use of ingredients in its formulas according to their proven feeding value, and for the production of the best possible rations that science, experience and modern equipment can make.

To complete this feeding service, specially trained Beacon service men give up-to-date practical aid to the farmers using the feeds. Back of this corps of service men are the Beacon Poultry Research Farm and the Beacon Dairy Research Farm, which are constantly alert to develop progressive steps in feeding and management.
